

Handwashing Guide

*Hand sanitizer is **not** a suitable replacement for appropriate handwashing!*

Setting Up A Temporary Handwash Station:

Items Needed:

1. A 5-gallon or larger, insulated water container that can maintain water at 100*-120*F for hand washing delivered through a continuous flow-spout. No push-button spouts are permitted.
2. A container to hold waste water, which must be disposed into an approved wastewater system once full.
3. Soap (hand sanitizer is not a replacement for hand washing).
4. Single use paper towels.
